There are two train stations at the airport. The S-Bahn trains (regional trains) depart from the underground regional railway station (follow the signs "Regionalbahnhof/ Regional trains"). Take any train of lines S8 or S9 from platform 1 or 2 (direction Frankfurt Hauptbahnhof or Offenbach or Hanau); all trains go to the central railway station (Hauptbahnhof). At peak times trains run in 10-15 minute intervals. Tickets for all trains must be purchased from the blue-turquoise RMV vending machines. If you travel without a valid ticket you risk a fine of € 40. Key in the destination number 5000 and press the button "Einzelfahrt Frankfurt" for adult passengers (single ticket to Frankfurt). Taking the S-Bahn from the "Regionalbahnhof" is the quickest and most inexpensive way to get from the airport to Frankfurt central station.

A taxi from the airport to the office of Deutsche Bauchemie (VCI building) costs € 30 to € 35. The ride takes about 30 - 40 minutes.
